

Features

The BIG JOHN Limb Lifter is designed to minimize time and cost of tying 3" to 12" trees. Easily mount it to your skid steer or other power units to tie up your trees in minutes. It's wide, adjustable, has a 6-foot opening and large 2.5" x 32" rollers that lets you tie up larger trees while preventing limb damage.

Weighs approximately 1,350 lbs. This accessory features top of the line build quality and the ruggedness you have come to expect from BIG JOHN.
